RE: INFRASTRUCTURE REPAIR AND MAINTENANCE PROCEDURE CLARIFI-

CATIONS

The Chitungwiza Residents Trust (Chitrest) is a non-partisan and not-for-profit making social membership based organization operating in Chitungwiza. It was established in 2011 and incorporated as a Trust in accordance with the Registrar of Deeds in Zimbabwe. The organization was formed by community groupings including the following: workers, students, the business community, women, youths, churches and other community based organizations (CBOs) in Chitungwiza. Our demands include access to quality and affordable service delivery for all residents in Chitungwiza.

Over the past couple of months, our office has received several enquiries and queries from residents and other stakeholders in respect of the provision of electricity supply to the town. CHITREST regards the supply of electricity as a critical service for the community and would appreciate the following information so that residents can be clearer on procedures relating to the service:

1. Does Chitungwiza have a load shedding time table and how can it be accessed by the public?

Secretary: Marvellous Kumalo (Director), Donald Makuva (Membership Recruitment and Mobilization Officer), Rutendo S Moyo (Finance and Administration Officer)

Board: Japhet Moyo (Chairperson), Cynthia Roya (Vice Chairperson), Tinashe Kazuru (Secretary), Brighton Mazhindu (Treasurer) and Marvellous Kumalo (Ex Officio)
